BEECHAM'S PILLS

Have achieved the proud distinction of being what may be called a **National Medicine**. This has mainly been brought about by the British Householder—that clear-headed and deliberate individual whose judgment must be the ultimate foundation of all enduring reputation. **Beecham's Pills** have very literally found their way to his heart through his stomach, and he has undoubtedly raised them to the high position of a **Family Favourite.** This almost affectionate reliance on **Beecham's Pills** has been the steady growth of more than fifty years; during which time, wives and mothers, husbands and fathers, sons and daughters, in tens of thousands of happy homes, have renewed their vigour, avoided serious illness, and maintained perennial health and spirits by no other means than **Beecham's Pills:**—the sale of which at present exceeds

Six Million Boxes per Annum.
